SUMMARY

I am a **Frontend Developer** with extensive experience and a bachelor's degree in design. I have completed the Full Stack Development Immersive Program from Flatiron school. I have a keen eye for the visual aspect of user experience and a strong desire to learn and create. I firmly believe in lifelong learning, and I'm constantly exploring new ideas and technologies. Having experience in both design and development, I am confident in my ability to create the most optimal user experiences.
